Thanks for the picture of Old Orchard  
Doing M.C. Sweet. MC Sweet is  
my grand-father. It's very difficult to  
see exactly who is driving - looks  
somewhat like my father Henry C. Sweet  
I would guess the date would be before  
automobiles were allowed on Mt Desert Island  
Maybe 1910 to 1914. If the driver is my  
father Henry C. Sweet - he would be 26 yrs old  
at that time. He was married in 1917 and  
bought the Homer Farm (Elm Tree Farm) now owned by  
Ronald McQuin. He moved onto the Elm Tree Farm  
in 1925 and had his own milk route. I was born that  
year.  
I do not recognize the buildings or the  
girl in window. Maybe this was somewhere on his  
milk Route. Maybe it is the George Fogg  
farm on the nuttonleg Rd.

John, I'm glad to get the photo, will try  
to enhance it some. My email address is
